

*“Our people must learn to devote themselves to doing what is good,
in order to provide for urgent needs...”*

– Titus 3:14

As the global social justice ministry of The Collegiate Church of New York, **Intersections International** is dedicated to walking alongside the world’s most marginalized communities both locally and globally, offering humanitarian aid when disasters strike and working collectively to end all forms of discrimination. Our work currently spans 14 countries and parts of the United States and the Caribbean as we advocate for and partner with vulnerable populations. We have consultative status with the United Nations and we use our platform to raise visibility for global initiatives that empower and foster connectivity.

We are thankful to God for opportunities to join with organizations whose work promotes peace, inclusion and human dignity for all people. Each year Intersections supports approximately 40 organizations with grants to extend the reach of their work. From LGBT advocacy and gender justice to multi-faith convenings, disaster relief, food security and global peacemaking, Intersections offers support in areas where needs are the greatest.

Vision: At Intersections International, we envision a time when our distinct identities no longer incite division, discrimination, destruction and despair. We envision a just world — united in diversity, a world in which human differences serve to advance connection, equality, respect and abundance for all people.

Thank you for sharing your crucial work with the world. We are grateful that you have chosen to apply for an amplification grant from us in furtherance of your mission. At Intersections, we are committed to cultivating mutual understanding, embracing cooperation and employing diplomacy in ways that bring marked changes. We believe that “God is Love” and it is through this lens that we show up to do our sacred work.
